THE BETTER YOUR SCORE - THE BETTER YOUR LOAN RATE

Your score is the credit score based on information from your credit files reported by a credit bureau. USWPFCU uses the Experian credit bureau and the score known as the FICO score. Lenders use credit scores to evaluate the potential risk posed by lending money to borrowers. Credit scores can also determine what borrower pays for credit based on this risk. Higher scores mean that borrowers are more likely to be approved and pay a lower interest rate for credit. On 11/28/12, USWPFCU established "risk-based pricing" in order to reward borrowers with outstanding credit history and present credit opportunities for those with impaired or no credit history. The term "Rates As Low As" represents the lowest or base rate. Debt ratio (50% or less) and credit history are considered for all Grade Levels. Applicants with no credit history are assigned Grade Level C. The Rate Adjustment factor is added to the "as low as" quoted rate.

**APR is Annual Percentage Rate. Quoted rates are fixed rates.
